MEMORANDUM FOR: Chief, Near East/Africa Branch
Chief, Far East/Pacific Branch
Chief, Northern Branch
Chief, Latin American Branch
Chief, Western Europe Branch

FROM: Chief, Staff Intelligence Group

SUBJECT: IM-144 - Soviet-Communist Capabilities for Sabotage

REFERENCE: JICM - 96 letter of 8 March 1949

ENCLOSURE: A. List of 52 countries

1. The Problem is to estimate general Soviet-Communist capabilities for significant sabotage in the countries listed in enclosure A.

2. Sabotage is defined by Reference as "obstructing in all ways, short of actual combat operations, the regular process of production or operation of civil or military installations."

3. Form of Presentation.

a. Estimates are requested for each country listed, using one of the following categories:

- (1) Sabotage definitely to be expected
- (2) Sabotage probably to be expected
- (3) Sabotage possibly to be expected
- (4) Sporadic sabotage only
- (5) No sabotage indicated

b. Each estimate is to be supported by a brief substantiating statement, which should be based on the following, or additional, factors:

- (1) Hard core CP strength, distribution, and quality of leadership
- (2) Significant concentrations of civil and military installations
